Other Campgrounds	10
Wildfire Awareness, Leave No Trace, Water Conservation	

Altitude Sickness

A Rocky Mountain High has to do with breathtaking scenery at incredibly high elevations ... which can metaphorically and physically take your breath away. Seriously, without proper considerations, altitude sickness can negatively impact your vacation.

Be sure to drink plenty of water, avoid alcohol, caffeine, and strenuous exercise for the first several days, and arrive a day or more early to have time to adapt, especially if you plan to be hiking and climbing.

More information online at AltitudeSicknessCure.com.

Sun Protection

You're closer to the sun. Prepare to cover up or use some sort of sun block. At these heights, with thinner air, you'll be grateful you protected yourself.

Mariiuana

Colorado legalized the recreational use and sale of marijuana, yet that doesn't make it allowed everywhere.

Before assuming anything, contact the campground's office to learn of their policy. Some are very strict, while others treat it similar to smoking cigarettes or drinking alcohol.

If consumption is your desire, ask the park of their policy before you book your campsite (remember, some campgrounds impose a cancellation fee).

You should also know that the law doesn't permit consumption "openly and publicly."

Dig Into CampColorado.com

CampColorado.com has useful information to help with your trip planning. You'll find insight and familiarization information in the blog posts and links. You'll see practically every campground in the state, even public-funded ones. The map can guide you around our large state.

Search by criteria that matters, first based on the month(s) of your trip:

- RV sites Tent sites
- Pet friendly
- Dog park • Equine friendly
- Rental options • Propane
- Dump station

Planning Resources

Colorado.com has comprehensive details on events, festivals, historic areas, itineraries, and community insight.

GoCampingAmerica.com offers camping options in the states that lead you to your Colorful Colorado vacation.

Find more information at CampColorado.com/blog

Turn to CampColorado.com as your first planning resource.

Camp Colorado All Year

Go ahead! Take in the spring, autumn and winter festivals, Obey the local-most fire restrictions! That might be the the less crowded trails, and some snowy adventures like campground office. On public land, it's usually decided by snowshoeing, snowmobiling, cross country skiing, and the county or city. even downhill skiing.

Many Colorado campgrounds are open all year, with perhaps limited services yet still catering to the needs of those who travel in the off-seasons.

Off-season camping offers a long list of tremendous experiential variations:

- Fewer campsite neighbors Colorful nature displays
 - Cozier campfires
- Cooler temperatures

Earlier sunsets

- Longer hours to stargaze
- **Road Conditions**

Towing a trailer or driving a motorhome on steep mountain roads requires being prepared for the unexpected. Colorado is mostly rural, and much of it is mountainous.

often at high elevations and with wildlife. Be prepared!

Roads may be closed due to wind, hail, snow, ice, acci-Wildfires have been known to burn for weeks or months. dents, and of course construction. Monitor CoTrip.org for causing evacuations to last just as long, so please heed current road conditions or call 511 (out of state callers: this list of nevers: 303-639-1111).

You can encounter snow nearly any month of the year.

Colorado has a Traction Law that's enforced during inclement weather. The law is fully enforced on I-70 between Dotsero and Morrison from September through May.

Know before you go!

Always Call 911 for Medical or Safety **Emergencies**

Wildfires

Wildfires can occur and spread quickly. Be alert! Have an escape plan.

Campfires aren't necessarily a given in Colorado. Dry conditions and strong winds can lead to burn bans. These bans are set by local jurisdictions of authority.

An average of 1.2 million acres of U.S. woodlands burn every year, and more than 4 out of every 5 wildfires are caused by people.

- Never discard a lit cigarette, regardless of how close to the filter it has burned: extinguish it completely.
- Never leave a campfire burning or smoldering; extinguish it completely before walking away.
- Never light a campfire without first consulting the campground staff, even if a fire ring is in place.
- Never toss a lit cigarette out of a car window.

For more information, visit www.colorado.gov/pacific/ dfpc/fire-restriction-information.

Find a Dealership

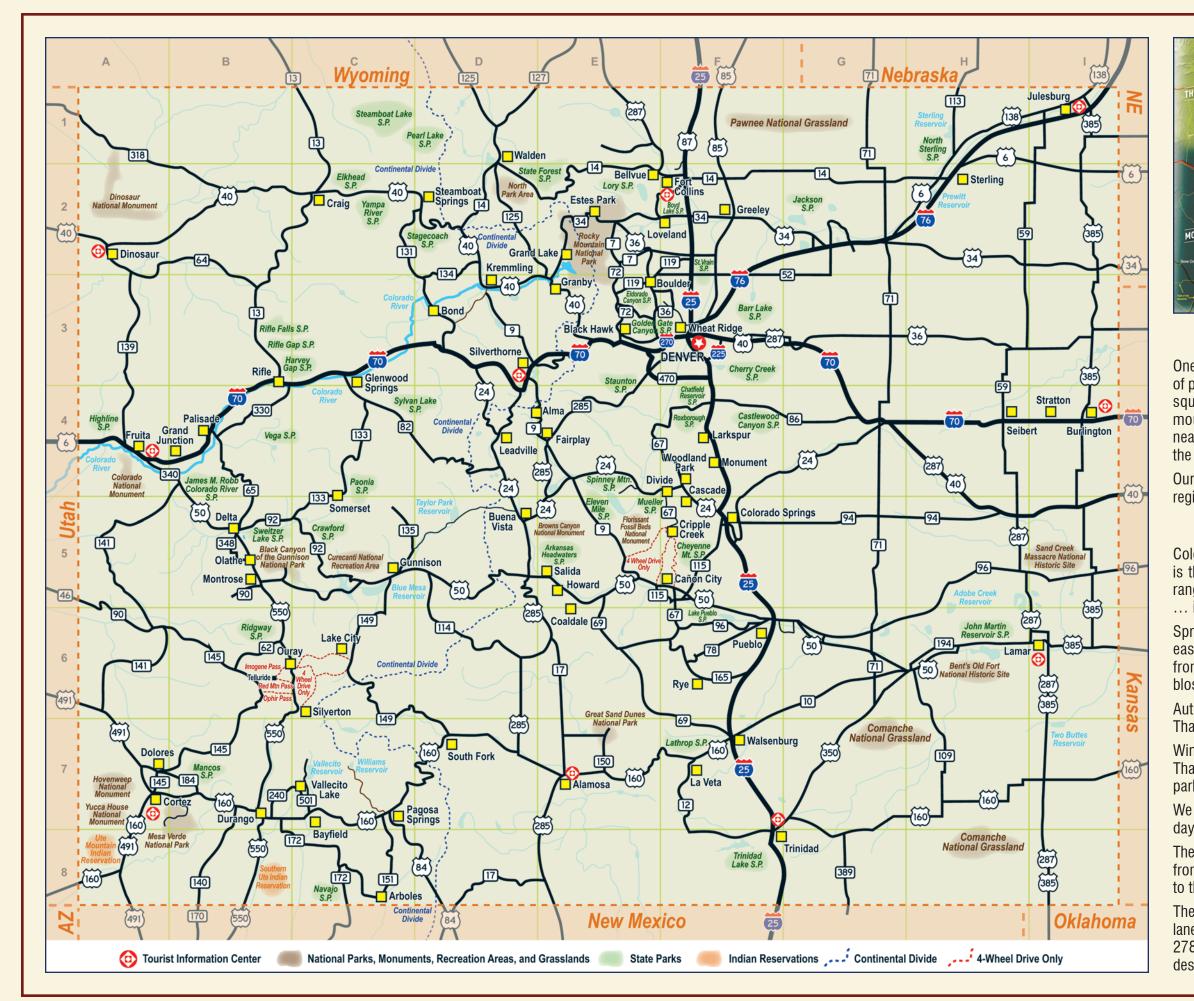

Colorado has RV dealerships from one corner of the state to the other. Most offer new, aftermarket, and rental equipment, and many provide maintenance service.

Explore Colorado's Regions!

One could go camping in Colorado every weekend and not run out of places to camp and wondrous things to see and do! With 104,094 square miles, plus the additional miles created by winding mountainous roads in elevations from 3,317' above sea level to nearly 14,440' above sea level (near the top of Mount Elbert), well, the possibilities are endless!

Our CampColorado.com blog posts offer richer insight about each region shown above (map provided by the Colorado Tourism Office).

Seasonal Expectations

Colorado is open all year, and adventures vary by season. Summer is the most active season for outdoors enthusiasts, with activities ranging from hiking, cycling, white water rafting, fishing, festivals ... it's truly an endless list of healthy, outdoors fun.

Spring comes gradually in the state since it arrives earlier in the eastern half and considerably later in the higher elevations. Drive from Denver to Leadville in April and you'll see everything from blossoms to packed snow.

Autumn begins in August in the highest elevations and ends near Thanksgiving in other regions.

Winter is a huge outdoors season in Colorado, even for campers. That's right! Winter doesn't keep people from camping! While many parks are closed for winter, many others are open all year.

We suggest you always be prepared for each season. On any given day, any season can make an unexpected appearance!

The landscape and adventures vary not only by season but by region, from the eastern High Plains to the rock sides of Rocky Mountains to the tundra of the highest of the stretches.

The Colorado Department of Transportation plows about 6 million lane miles every year, keeps open 35 mountain passes, and monitors 278 avalanche paths. They strive to keep everyone moving to their destinations.

Care for Colorado

Colorado Trails

There's an expansive network of trails waiting for you. Gear up and go discover Colorado's magnificently beautiful and pristine backcountry.

With the COTREX app you can track your experience. Study them ahead of time based on the allowed uses (hiking, biking, OHV, snowmobiling, ATV, horseback, etc.), and then make your plans.

The program uses data from over 200 land managers, so it's the most comprehensive trails guide of our glorious state. These trails are primarily recreational and are legally traversed by the general.

Explore Colorado's wide-open outdoors and track your treks with COTREX. Visit **trails.colorado.gov** and download the app.

Don't Move Firewood

"Don't risk starting a new infestation of an invasive insect or disease. You have the power to save trees.

"Don't take firewood with you on your camping trip, RV adventure, or up to your hunting camp. Don't bring firewood back from your second home to your place in the suburbs.

"Don't bring it with you on your scout's camping trip. Instead, buy it where you'll burn it, or gather firewood on site when permitted." (DontMoveFirewood.org)

#CareForColorado

It's a pleasure to preserve and protect our planet. It's an honor to be partnered with the Care for Colorado Coalition.

More tips can be found on social media using #CareForColorado and #LeaveNoTrace.

The content on the next page was produced by the Colorado Tourism Office in partnership with the Leave No Trace Center for Outdoor Ethics.

LEAVE NO TRACE – CARE FOR COLORADO PRINCIPLES

KNOW BEFORE YOU G

This land really is your land. Our state and federal agencies manage 42 percent of Colorado's majestic landscape, and our cities and

counties maintain even more. Learn about and respect the spaces we all own, share and sing about.

- Stay back from the pack. Find your way to less-visited and off-peak destinations to minimize down time and maximize your connection with special places.
- Bring along reusable water bottles or hot drink tumblers to limit waste and stay hydrated in our dry climate.

D2 STICK TO TRAILS

With 39,000 marked trails and 13,000 designated campsites, there's no need to venture beyond. By sticking to these areas and camping at least 200 feet from lakes, rivers and streams, you're helping natural areas stay natural.

Even though shortcuts can be tempting, please don't take them. A few extra strides on the path will protect plants and the homes of the true locals.

D 3 LEAVE IT AS YOU FIND IT

- Leave plants, rocks and historical items as you find them so others experience the joy of discovery.
- Any of our 750 different species of wildflowers will live forever in a photo. Snap away, but only with a camera.
- Colorado is beautiful all on its own. Building structures or campsites on public land isn't cool. Keep it pristine for everyone to enjoy.
- Treat all living things with respect. Carving or hacking plants and trees may kill or disfigure them.

04 TRASH THE TRASH

Pack it in, pack it out. Or pick it up to leave a place better than you found it. Put litter, even crumbs, peels and cores in your nearest waste/recycling bin.

Wash yourself, your dog or whatever else needs cleaning at least 200 feet from waterways, and use biodegradable soap. A bubble bath is no treat for fish.

05 BE CAREFUL WITH FIRE

- Colorado's low humidity has perks, but can create dry, dangerous conditions. Keep campfires small and manageable to avoid sparking wildfires.
- When putting out a fire, water it until you can handle the embers. Never let a fire burn unattended.
- Use care when smoking in Colorado's dry climate. Always put cigarettes out completely, and don't leave your butts behind.
- Always check for local fire restrictions.

06 KEEP WILDLIFE WILD

Colorado is home to tens of thousands of furry, scaly and feathered creatures. To keep them – and you – safe, don't approach them.

- It is not adorable to feed wild animals. You could alter natural behaviors, exposing them to predators or even euthanasia.
- Keep your furry buddies leashed when enjoying dog-friendly trails, and pack out their waste. All the way to a trashcan.

SHARE OUR TRAILS & PARKS

- Chances are you're not out in nature to people watch, so try out the lesser-known paths and sites.
- Silence your cell phone before stepping into nature, and speak softly without using the speaker function.
- Be considerate when passing others on the trails and yield to the uphill hiker and biker – they need the momentum.
- Listen to nature. Keep your voice and music soft so all can enjoy the peace of Colorado.

WILDFIRE AWARENESS:

COLORADO'S LOW HUMIDITY HAS ITS PERKS, BUT CAN CREATE DRY, DANGEROUS FIRE CONDITIONS. WHILE FIRE CAN START FROM NATURAL EVENTS SUCH AS LIGHTNING STRIKES, 84 PERCENT OF U.S. WILDFIRES ARE CAUSED BY HUMANS OR HUMAN ACTIVITY. PLEASE TAKE THESE TIPS AND RESOURCES TO HEART AS YOU TRAVEL COLORADO:

- ▲ Keep campfires small and manageable.
- Never let a fire burn unattended.
- A Properly maintain and watch campfires.

- ▲ Do not build a fire in hazardous or windy conditions, or if a campground, area or event prohibits campfires. Check first to see if they are permitted.
- ▲ Use an existing fire ring or fire pit; if one's not available and pits are allowed, look for a site at least 15 feet away from tent walls, shrubs, trees and low-hanging branches.
- Extinguish campfires properly by watering the embers completely until they are fully extinguished and cool enough to handle. Stir the ashes and embers to make sure everything is wet, and scrape sticks and logs to remove any embers.
- Use care when smoking cigarettes; always put them out completely and don't leave for your butts behind.
- ▲ Fire restrictions and bans are set by local jurisdictions and by individual forest agencies. Check with the local sheriff's office, fire department or federal forest agency before lighting a campfire this summer.
- ▲ Register for emergency alerts in the county you are visiting at coemergency.com.

LEAVE NO TRACE

PLEASE HELP US PROTECT AND RESPECT THE ENVIRONMENT THAT WE ALL CHERISH. FIRE SAFETY IS JUST ONE OF SEVEN PRINCIPLES OF THE LEAVE NO TRACE - CARE FOR COLORADO ETHOS:

- **KNOW BEFORE YOU GO:** Find your way to less-visited and off-peak destinations.
- **STICK TO TRAILS:** You're helping natural areas stay natural.
- LEAVE IT AS YOU FIND IT: Preserve our natural and historical sites and living things as you found them.
 - **TRASH THE TRASH:**
- - Pack it in, pack it out.
- **BE CAREFUL WITH FIRE**
- **KEEP WILDLIFE WILD:** To keep you and them safe, don't approach or feed wildlife.

SHARE OUR TRAILS & PARKS: Be considerate of others enjoying our outdoors.

WATER IS A PRECIOUS RESOURCE. SO PLEASE CONSIDER YOUR WATER CONSUMPTION WHILE YOU'RE HERE. BELOW ARE SOME WAYS TO HELP:

- \checkmark Reuse towels in hotels instead of asking for a new one daily.
- ✓ Minimize the length of your showers.
- ✓ Don't let the faucet run while brushing your teeth.
